

## Executive Coach & Facilitator, Shanghai

### About this Coach

He is an Executive Coach and Trainer/ Facilitator who bases his training and coaching style on the belief that people want to develop as leaders. He is client focused and creates an environment that inspires his clients to identify their goals and positive intentions, increase communication and interaction with the people in their organization, and strive for greater success in their leadership roles.

He has successfully helped numerous Fortune 500 enterprises in China and Asia Countries in designing and delivering training & coaching programs in the areas of leadership, sales & marketing, change management and coaching for managers.

With a strong corporate background in leadership positions in project management, sales & marketing and people development, his executive coaching and training focuses on three areas:

1. Leadership – situational leadership, individual/team/organizational leadership, coaching in leadership, and change management.
2. Sales & Marketing – selling skills, sales & marketing strategy, and sales & marketing management.
3. Coaching – Coaching skills and its applications in people development
